Subject: Report

David:

As I recall, the Corps is supposed to issue their Navigation Report in the middle of December. Has this been issued, and if so, can we get a copy?

I'm very pleased that the extension of the TAG grant came through. Thank you and Carol for getting this done.

Please remind Cosmo Servideo to contact us with some of the municipal officials to contact and/or meet with in the lower Passaic. We're making progress, but it's tough to get hold of some of these people at this time of the year. It should get better after January 1.

Hope you have a wonderful Christmas and New Year. I'm looking forward to working with you. Cheers!

Ella
